## **DETAILED ACTION**

## Allowable Subject Matter

Claims 1 – 10 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, the prior art does not teach or render obvious the total combination as claimed including a double-faced image formation system comprising an electrifying part that when the recording medium is conveyed by a reversing part, electrifies the lubricant adhered on the recording medium to a specific polarity.

With respect to claim 5, the prior art does not teach or render obvious the total combination as claimed including a double-faced image formation system comprising a conveyance unit that reverses the front and rear face of the recording medium having the toner images fixed on one side thereof by the fixation unit and reconveys it to the secondary transfer unit and an electrifying unit that electrifies the recording medium conveyed on the conveyance unit.

With respect to claim 10, the prior art does not teach or render obvious the total combination as claimed including a double-faced image formation method comprising an electrifying the lubricant adhered on the recording medium to a specific polarity by an electrifying part when the recording medium is conveyed by the reversing conveying part.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
